

## **Field Study Tour**

1. **Name of the Department:** Economics
2. **Name of the Event:** Field Study Tour
3. **Venue:** Tarini Temple and Gundichaghai located in Keonjhar District,  
Bhimakund located in Mayurbhanj District
4. **Date:** 09.12.2022

**5. Brief Report of the Event:**

The Department of Economics, Tulasi Women's College organized a field study tour to Tarini Temple and Gundichaghai located in Keonjhar District, Bhimakund located in Mayurbhanj District on 09.12.2022. The undergraduate students of the department went on the tour under the guidance of Mr. Nityasundar Manik, HOD and Mrs. Surita Mishra, Lecturer in Economics. The main objective of the tour to the said recreational and spiritual places is to give the students a practical or field experience of the economic theories beyond the stereotyped and monotonous classroom learning. From the tour, the students learned the way the economic theories are applied and integrated with the environmental science while determining the economic value of the environmental goods with Travel Cost Method (TCM). The basic premise of the travel cost method is that the time and travel cost expenses that people incur to visit a site represent the price of access to the site. Along with that, the tour has greatly impacted the students academically, mentally, morally and spiritually. Overall, the visit to the temple and other recreational places was very delightful, exciting and learning one.
